8. Give a brief description of the program/services to be provided and how they fulfill the mission of the college. How will these funds benefit present and future students? DASG stands for De Anza Student Government. DASG is composed of students who have one thing in common: to advocate students' needs and represent students on campus. We are a united and progressive Senate dedicated to promoting diversity, leadership, and student empowerment by advocating for programs, services, and activities that serve to enrich the student experience at De Anza. With a budget in excess of \$1,000,000, the DASG Senate sponsors and funds hundreds of programs and events in the interests of the student body. We host and plan events, engage with students, distribute funds across student programs, contribute as voting members of several shared governances.
9. How have you been meeting or how do you plan to meet the budget stipulation of requiring that all students benefiting from DASG funds allocated to you have paid the \$10 DA Student Body Fee and are DASG members (DASG Budget Stipulation # 1)? DASG has adhered strictly to all general budget stipulations. With the new DASG senate proposed structure, we make sure that stipulation points 22-24 are met.
10. What would be the impact if DASG did not completely fund this request? DASG senators attend meetings, hold office hours, answer emails and questions, check-in with students and so much more. Yet all of this work is unpaid despite the amount of obligations giving the appearance of a part-time job. In a recent survey, most senators are working upwards to 15 hours a week while unpaid. With the DASG senator position being volunteer based, different populations around campus might find themselves underrepresented, most notably low-income students. This leads to the unintentional consequence that despite the fact that the DASG is meant to represent students broadly, low-income students, among others, might have to prioritize positions that pay them worthwhile wages above volunteer

work. Combined with how low-income students are disproportionately Black, Latino, Asian, women and/or first-generation students, the lack of pay poses a significant barrier in diversifying the senate. By establishing a paid senate, the DASG members have a better quality of life with pay to match their investment in their work. Not only that, but the DASG would likely diversify and come to represent even more groups of students on campus.
